

Barn Owl

I am a bird that likes hedgerow habitats.

I eat small mammals, such as voles and shrews.

I have excellent hearing.

Grayling Butterfly

I am an insect that likes heathland habitats.

I have excellent camouflage.

I like bare ground.

Horseshoe Vetch

I am a plant that lives in chalk grassland

I have bright yellow flowers

I am very important food for caterpillars of rare butterfly species

Harvest Mouse

I am a mammal that lives in arable fields.
I can weigh as little as a 2p piece!
I make nests out of living, woven grass
above the ground.

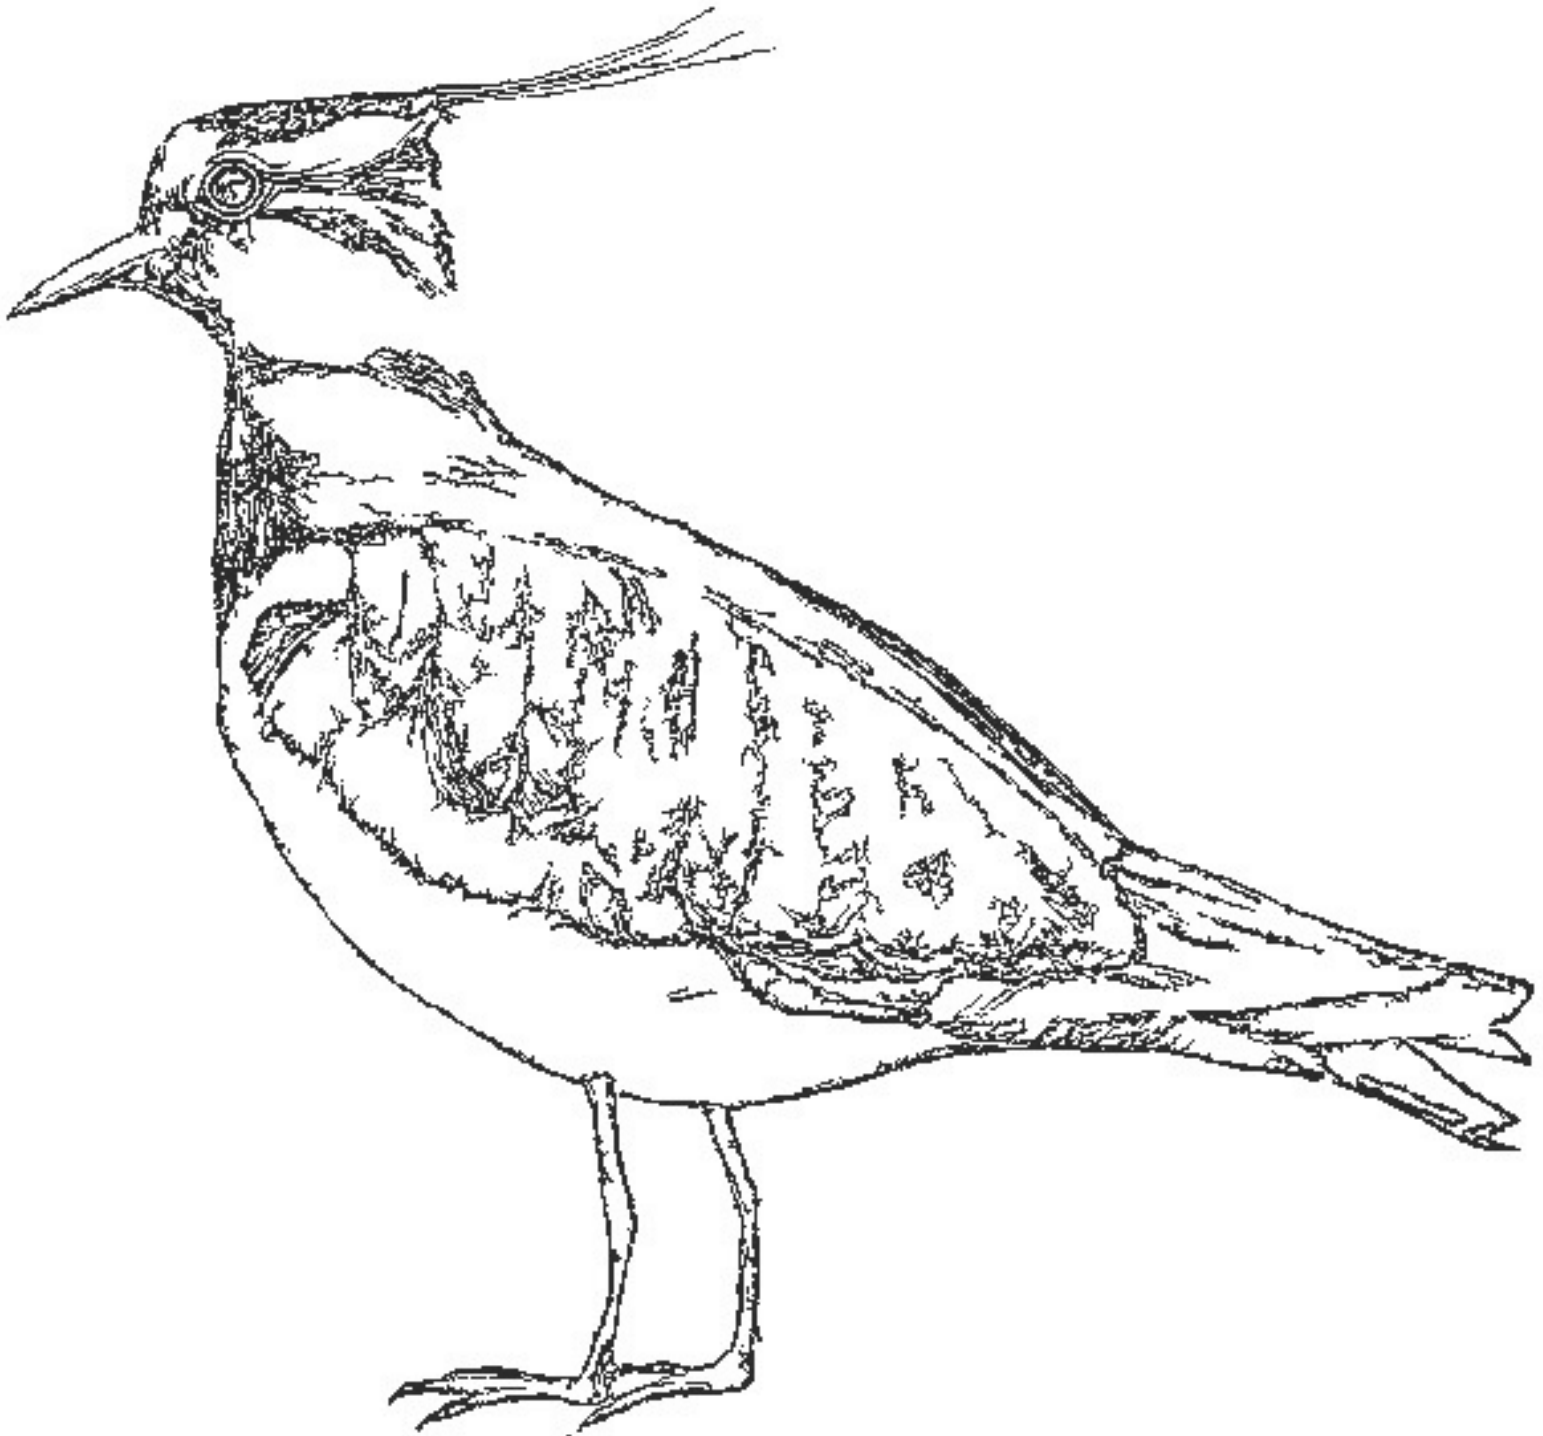

Lapwing

I am a bird that feeds and breeds in pasture.

I am also known as the 'peewit' due to the sound of my call.

I like wet grassland areas.

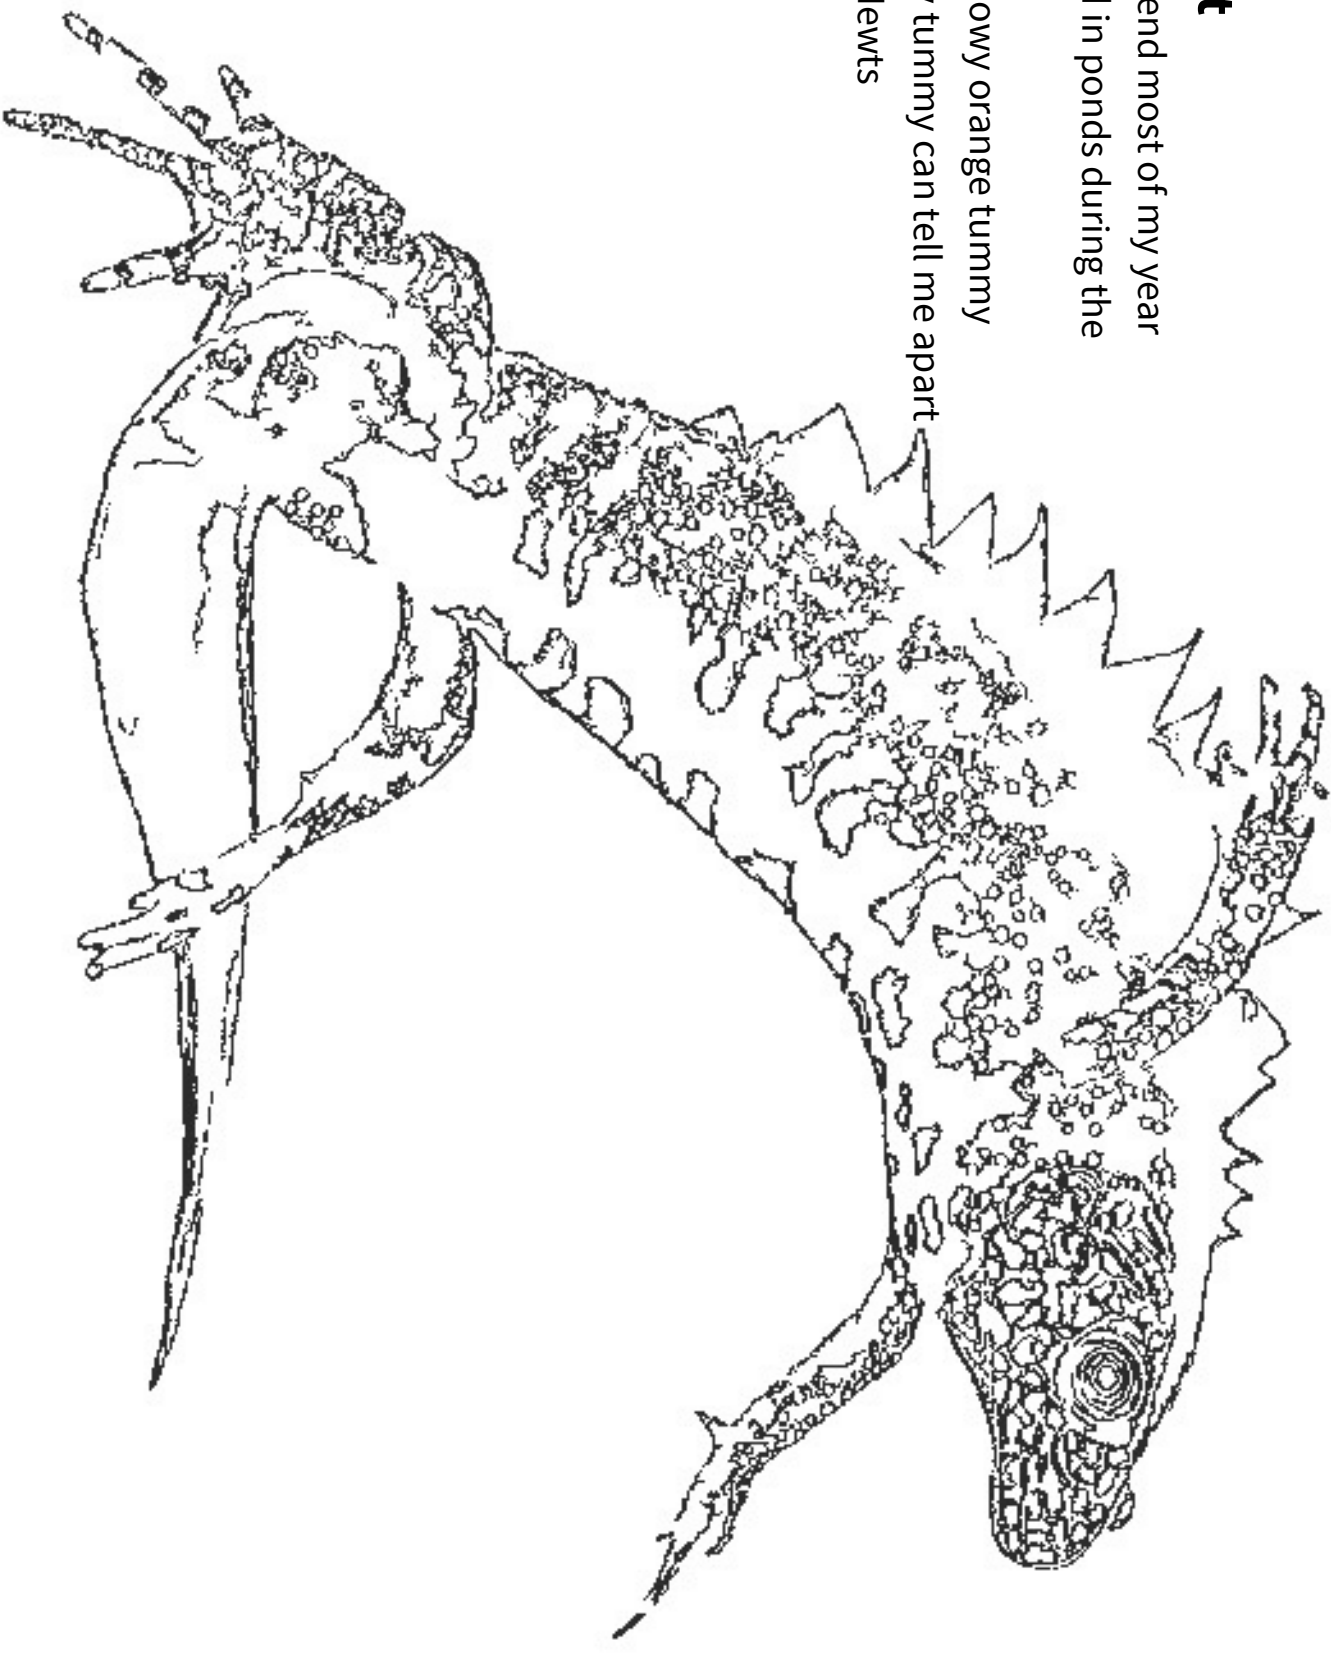

Great Crested Newt

I am an amphibian and spend most of my year feeding on land but I breed in ponds during the spring.

I have warty skin and a yellowy orange tummy

The pattern of spots on my tummy can tell me apart from other Great Crested Newts

Purple Emperor Butterfly

I am an insect that lives in woodlands.

I spend most of my time high in the trees.

I like to eat willow trees when I am a caterpillar
