## Draft Monitoring Framework April 2020 – March 2021

The AONB Management Plan is a statutory document and all public bodies have a duty of regard to considering the policies in carrying out their functions that have an impact on the AONB. The Surrey Hills Family has been established to work with organisations, agencies and individuals to support the delivery of the AONB Management Plan's Vision:

***The Surrey Hills AONB is recognised as a national asset in which its natural and cultural resources are managed in an attractive landscape mosaic of farmland, woodland, heaths, downs and commons. It provides opportunities for business enterprise and for all to enjoy and appreciate its natural beauty for their health and well-being.***

The Surrey Hills family will pursue the vision through our brand values: **“Passionate, Energetic, Enterprising, Creative and Collaborative”**

- **Passionate** about the diverse and beautiful Surrey Hills landscape.
- **Energetic** in promoting health and well-being for all.
- **Enterprising** to promote the Surrey Hills as a national asset for the benefit of local businesses in order to enhance our Surrey Hills communities.
- **Creative** by engaging and inspiring people with this outstanding landscape through art, culture and heritage.
- **Collaborative** in our efforts to conserve nature and ensure the environmental sustainability of the Surrey Hills in the future.

The Surrey Hills Family Delivery Plan details how the targets will be delivered under the following Surrey Hills AONB Management Plan Pillars:

- 1 Advocacy, Partnership and Coordination, 2 Landscape Conservation and Enhancement, 3 Access, Enjoyment and Understanding, 4. Growing the Surrey Hills Economy, and 5. Planning

The programme will be monitored quarterly by the AONB Board and will form the basis of the performance monitoring and Annual Reporting to Defra as one of the national family of Designated Landscapes. □

**IMPORTANT.** In 2020/21, the delivery of the programme is going to be massively impacted by the COVID-19 pandemic, particularly the ability to run events, workshops, walks, talks and events. The Family will need to find new and smarter ways of working collaboratively as a Family and with our partners.
