# Welcome to the SURREY HILLS

## Dear Reader,

Welcome to the 2025 edition of the Guide to the Surrey Hills. Within these pages, you'll discover a diverse array of organisations operating in or near the Surrey Hills National Landscape—from individual artisans to charities and corporate groups.

Surrey Hills Enterprises is proud to showcase member organisations that contribute so much to our community, reflecting our commitment to promoting the rural economy and protecting our environment.

Here, you'll find a wealth of opportunities to champion and support local organisations. Whether you're seeking delicious food and drink, unique arts and crafts, or relaxing outdoor experiences, there's something to inspire everyone.

Enjoy exploring this guide, your gateway to the Surrey Hills—a region brimming with creativity, innovation, and natural beauty. We invite you to discover and delight in all that this unique area has to offer.

Thank you for joining us on this journey in the Surrey Hills.

# Discover a landscape alive with nature and creativity

Experience the breathtaking beauty of the rolling Surrey Hills – just an hour, yet a world away, from London

## RAIL TO RAMBLE

Hop on a train and follow our step-by-step walking guides which link charming towns and villages with our glorious countryside. There are ten Surrey Hills rail to ramble routes to explore. Why not try them all?

## NORTH DOWNS WAY

Follow in ancient footsteps through protected landscapes of chalk grassland, historic woodland and heritage coastline on a trail of discovery linking Farnham to Dover. You can walk the whole National Trail, or experience it in individual sections.

## ADVENTURE

From waterways and wine tours to woodland crafts and well-being walks. Your next adventure awaits you here in the Surrey Hills! Try something new and experience the wonder of being outdoors in a totally different way.

## EVENTS

Fairs, festivals, talks, hikes, workshops, markets and much more... Our 'What's On' listing highlights an exciting selection of experiences and events offered by our sustainable Surrey Hills businesses to enhance your enjoyment of every season.

## INSPIRING VIEWS

Outstanding aspects of our amazing landscape presented in a way you will never forget. Our beautifully crafted artworks in the Surrey Hills Arts "Inspiring Views" series invite you to immerse yourself in each stunning vista laid out before you, as well as increasing biodiversity for our wildlife.

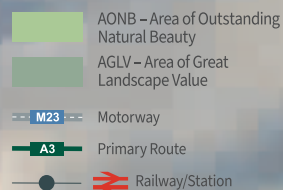

## MAKING SPACE FOR NATURE

Join our independent charity, Surrey Hills Society in making space for nature in our National Landscape. The Surrey Hills Conservation Volunteers programme is open to all offering community connection whilst enhancing the landscape for nature and people.

Flying above Leith Hill, the highest point in south east England and is home to a great variety of plants and animals, including chalkhill butterflies.

## Explore seven magnificently diverse and abundant habitats in the Surrey Hills

**Hedgerow:** Linking areas of habitat across farmland and abundant in wildlife, including the Hazel Dormouse, Barn Owls and Brown Hairstreak butterflies.

**Arable:** Field edges and strips adjacent to hedgerows and woodland are home to Yellow Hammers, Grey Partridge and Harvest Mice.

**Woodland and Scrub:** Complex habitats give shelter and sustenance to bats, butterflies and birds. Look for a Purple Emperor or listen out for a Nightingale's song.

**Heathland:** A range of rare and endangered species make their home amongst the heath, including Dartford Warblers, the Nightjar and the Grayling butterfly.

**Water:** Rivers, streams, lakes, ponds, marsh and bogs - diverse habitats for an array of species including the Great Crested Newt, Water Voles and Dragonflies.

**Chalk Grassland:** A North Downs habitat of international importance whose features include plant species such as the Bee Orchid, Salad Burnet and the Horseshoe Vetch.

# HALL HUNTER PARTNERSHIP

Located in the picturesque British countryside, Hall Hunter is a long-established grower of premium berries, operating four farms across the Berkshire and Surrey area. Established in 1966, the Hall family began selling vegetables for London markets from Heathlands Farm in Wokingham. Today, the business grows some of the finest strawberries, raspberries, blueberries and blackberries, combining both passion and expertise in farming to become one of the UK's leading berry growers under Managing Partner Harry Hall.

## Humble Berries, Big Ambitions

At Hall Hunter, we aim to grow the freshest and tastiest berries but to do so we understand that it takes a team of dedicated, passionate and supported people. That's why we strive to embody the Hall Hunter Way, which is, to continually improve in our day-to-day ambitions, to be resourceful, to be authentic in our endeavors, to speak from the heart about what we do and to move forward as a collective. It's in this way that we can remain excited and united about our future as a business.

## Our Pledge to the Planet

As part of our commitment to our environment and planet, we work hard to ensure that our environmental footprint is kept to a minimum in order to protect future generations. To do this, we have introduced a number of measures that aim to positively impact our climate and ecosystems whilst nurturing the growth of the UK's natural fauna and flora. For example, carefully planning our cropping system to ensure it's surrounded by hedges, trees and beetle banks to support biodiversity and surrounding habitats. Similarly, we encourage bees and other insects to pollinate through the plantation of wild flowers. We also believe in the long-term benefits of solar energy and have since placed 500KW of roof top solar systems, as well as further 2400KW of ground mounted solar panels across our Godalming and Wokingham sites. Utilizing green renewable sources to power our packhouses is something we continually strive for and wish to continue to develop in the future.

## Our Communities

At Hall Hunter we believe in camaraderie and mutual support which means helping out our local communities as best we can. We think it is important for people and children to know where their food comes from, which is why we are passionate about offering educational opportunities such as school visits and Open Farm Sunday. This year we hosted 29 school visits across three of our farms, educating young people on British soft fruit farming and the whole growing process. Similarly, our Open Farm Sunday provides a unique opportunity for the public to get up close and personal to farming and understand its true importance.

## Are you a Berry Believer?

We are proud to be part of Surrey Hills Enterprises, championing the purchase of local products and supporting local communities and services. For this reason we welcome the opportunity to collaborate with surrounding businesses, be it big or small. If you are interested in working together and incorporating some healthy British berries into the mix, please don't hesitate to get in touch.

**Please contact:** [info@hallhunter.co.uk](mailto:info@hallhunter.co.uk)  
**Or visit our website at:** [www.hallhunter.com](http://www.hallhunter.com)

Our dedication to environmental sustainability and community engagement was recently recognised with a prestigious B Corp certification. This certification places us among a select group of companies committed to driving positive change in the world. We are proud to join a global movement of businesses that prioritise people and the planet alongside profit.

# SQUIRES

GARDEN CENTRES

## MODERN GARDEN CENTRES BUILT ON A TRADITION OF EXCELLENCE

*Squire's Garden Centres is an independent family owned business, established in 1936, now with seventeen garden centres across the South East, eleven of which are located in the Surrey Hills. Chairman Sarah Squire tells us a bit about the changes in gardening and garden centres.*

### HOW DID SQUIRE'S COME ABOUT?

My grandfather D.J. Squire (1905 – 2003) started our business. He was head gardener at the Police orphanage in Twickenham. When the orphanage closed in the mid-1930s he was made redundant. Unable to find alternative employment and with a young family to support he set up his own nursery and landscape gardening business. My father Colin Squire developed the company into one of the first garden centre businesses in the UK when he opened Squire's in Twickenham in 1964.

### HOW HAVE GARDEN CENTRES CHANGED?

The early garden centres were a far cry from today's businesses. They usually comprised converted greenhouses that were nowhere near the shopping environment customers expect today. From the 1980's, garden furniture and BBQs started to take off, and then cafes became an intrinsic part of the experience.

### PROUD TO BE LOCAL

We aim to provide our local communities with superb quality plants and gardening products, as well as attractive ranges of garden furniture, BBQs and gifts. All our centres have a Café Bar which is a great place to meet friends and family.

### HAVE PLANT TRENDS CHANGED OVER THE YEARS?

Plant trends come and go but many plants are as popular now as they have always been and for good reason – because they do well in the garden and are reliable. Roses, Clematis and Lavenders are perennially popular, and there's increased interest in 'grow your own' fruit and veg and large statement plants. Planting for wildlife, quite rightly, keeps on growing in popularity. Our gardens have become such an important resource for native wildlife with the urbanisation of the last hundred years or more.

### PROUD TO BE BRITISH

We are proud that 85% of our plants are sourced from UK nurseries, many very locally indeed - this supports local producers and means that customers can choose from the freshest possible stock, which hasn't travelled far from nursery to garden centre. In the last few years, we have acquired two of our own nurseries, one in Horsham (West Sussex) and another in Liss (Hampshire), marking a return to offering more home-grown plants.

### WHY GARDENING IS GREAT

Gardening gets you out in the fresh air, is good exercise, connects you with nature and gives space to think and clear your mind. It is so therapeutic to nurture plants and see them grow. I defy anyone not to feel relaxed and let the cares of the day slide away in the garden. With people now more aware of the environment around them, it is the perfect opportunity to make your garden, large or small, look its best. But it is not just about looks. It is a fact that gardening makes many people feel happier, healthier and more in tune with nature.

# DISCOVER THE SURREY HILLS: SUSTAINABLY SUPPORTING LOCAL ORGANISATIONS

The Surrey Hills is more than just a beautiful landscape—it's a thriving community of artisans, producers, and organisations committed to sustainability, ethical sourcing, and reducing environmental impact. Whether you're visiting for a countryside escape, shopping for local treasures, or dining on the finest produce, your support helps protect this special region for future generations.

## HOW SURREY HILLS ENTERPRISES ARE LEADING THE WAY

- ✓ Carbon Reduction & Green Initiatives: Many local businesses are adopting low-carbon practices, from sustainable farming and renewable energy use to eco-conscious packaging. For example, Plant Passion grows seasonal flowers without chemicals, while Albury Vineyard leads the way in organic winemaking.
- ✓ Ethical & Local Sourcing: By choosing Surrey Hills organisations, you're supporting a network of independent producers who prioritise quality, sustainability, and responsible sourcing. Chimney Fire Coffee, for instance, sources ethical coffee while minimising waste.
- ✓ Community Engagement: Many of our members run initiatives that give back, whether it's rewilding projects, supporting local charities, or offering experiences that connect people with nature. Surrey Hills Butchers, for example, partners with local farmers to champion high-welfare meat.

## WHY VISIT & SUPPORT LOCAL?

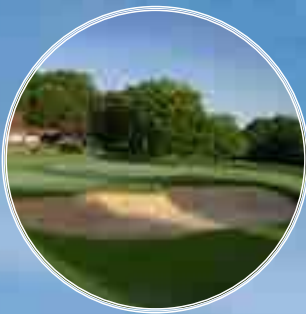

- Unforgettable Experiences** – From vineyard tours to artisan workshops, discover unique activities that immerse you in the Surrey Hills' creative and culinary scene.
- Shop Independent** – Find one-of-a-kind crafts, sustainable fashion, and locally made food & drink, all supporting small businesses.
- Dine with a Difference** – Enjoy farm-to-table dining, organic wines, and produce grown with care.

As you come to the end of our guide, we hope you appreciate just how much the Surrey Hills has to offer. Whether you're discovering local artisans, enjoying the countryside, or supporting sustainable businesses, every visit makes a difference. Thank you for being part of this vibrant community!

Plan your next visit, support local, and be part of the Surrey Hills' sustainable future!
